REAL ESTATE LIENS.—The finance committee have completed their settlement with tax collector Gorman for the fiscal year ended May 31, 1900. The committee returned to the collector, taking the position that he must collect it, a bill amounting to \$230. The reason for the return of this bill was, first, to settle a question which had been long disputed, and which had also caused much trouble to the tax collector; second, to collect the bill, if possible. The courts have in several cases decided that the lien for State and county taxes begins in February of each year, and unless otherwise agreed upon, if A sells B on March 1900, he must, in order to give B a title free of all incumbrances, pay taxes for 1900, although the bill is not made out until September or October. The case which the committee has selected to settle this contention of many years is an excellent one, as the tax collector has three times requested payment and been refused, and neither the City Council nor anyone authorized to speak for it has waived its rights. The case referred to is the sale of real estate purchased on May 30, 1899, the parties in whose name it was assessed refusing to pay, claiming that under our tax law the lien begins June 1, the purchaser holding that the lien begins either in January or February and they are therefore not liable for bill of 1899. The charter, section 24, says: "There shall be a lien on all real estate within the corporate limits for all taxes, levies or charges assessed thereon, or against the same, or upon or against the owner or owners thereof, under the provisions of this charter, or by the ordinances of the City Council, from the commencement of the assessment of such taxes, levies or charges in each year for which the same are levied or assessed." The law imposing taxes for each year begins on the 1st of June, 1899, and ending on the 31st of May, 1900. The case will probably be heard before Judge Nicol, as Judge Norton represents one of the parties in interest, and the court will be asked to construe the provision of the charter as quoted, in connection with the law imposing taxes, and decide if they conflict with the State law. As has been stated, the finance committee think a judicial settlement could be obtained at once, and that declining to accept the bill from the collector would bring it about.

DEATH OF BISHOP WILMER.—Right Reverend R. H. Wilmer, bishop of Alabama, whose serious illness was mentioned in the Gazette last week, died at Spring Hill, Ala., this morning, aged 84 years, 11 months and 18 days. He was born in 1816. He was a son of Rev. W. H. Wilmer, who many years ago was rector of St. Paul's Church in this city and under whose ministrations that church was erected. A handsome stained glass window in memory of Rev. Mr. Wilmer was a few years since placed in that edifice. Bishop Wilmer was one of the most prominent divines in the south and was well known in Alexandria and throughout the State.

Bishop Wilmer was the second bishop of Alabama, having succeeded Bishop Cobb. He was consecrated on March 2, 1882, his consecrators being Bishops Wm. Meade, Stephen Elliott and John Johns. At the time of his death he was the third bishop in seniority in the Episcopal church of the United States, his seniors being Bishop Clark, of Rhode Island, and Bishop Whipple, of Minnesota.

PERSONAL.—Miss Nannie Jones has returned to her home from Mount De Sales, Md., where she has been attending school.

Miss Mildred Lee is occupying a cottage at Greenbrier White Sulphur Springs, W. Va., for the summer.

Mr. Clark is in the U. S. quartermaster's service. He left Seattle on the 10th ultimo and later embarked on the steamer Seward for St. Michael's, Alaska.

Mr. Marshall King, collector of customs at this port, has been named by Secretary at Arms Wiswell to be assistant sergeant-at-arms at the national republican convention to be held at Philadelphia next week.

Miss Flora Middleton, who has been visiting relatives in Charlottesville, has returned home.

I. O. O. F.—At the meeting on Tuesday night of Sarepta Lodge, I. O. O. F., the following officers were elected: N. G. L. M. Prentiss, V. G. P. P. Clark; Recording Secretary, C. N. Rauch; Financial Secretary, E. T. Seale; Treasurer, C. S. Self; Chaplain, T. F. Jefferson. A sermon will be preached to the Odd Fellows by Rev. J. A. Jeffers at the Trinity M. E. Church next Sunday night, June 17. Members of Sarepta Lodge will meet at their hall at 7.30 o'clock on that night and proceed in a body to the church.

ATTEMPT TO COMMIT SUICIDE.—George W. Stearns, an oyster dealer, yesterday afternoon undertook to commit suicide by taking a heavy dose of chloroform, and for a time was in a critical condition. Dr. William M. Smith was summoned and he, after considerable trouble, succeeded in counteracting the effects of the drug. For several days past Stearns has been in depressed spirits, and yesterday his nervous system seemed to be at its greatest tension. Shortly after noon he sent his little son to a neighboring drug store and procured a small vial of chloroform. His actions alarmed his wife and she sought to cheer her husband. During her conversation he produced the poison and attempted to swallow it, but his wife, divining his intention, seized the vial and dashed it against the floor. Mr. Stearns said he was worried and tired of the world. Later in the evening Stearns left home and procured another bottle of chloroform. Returning he retired to his room where, alone, he swallowed about an ounce of the drug. He was found by his wife shortly afterward in an almost unconscious condition and Dr. Smith was summoned. Stearns, it is said, had yesterday received a letter from his former pastor upbraiding him for his alleged spiritual declension, he of late not manifesting as much interest in church matters as formerly.

THE FIREMEN.—Delegations of volunteer firemen from a number of Maryland towns arrived in Baltimore yesterday to attend the eighth annual convention of the Maryland State Firemen's Association. Mayor Hayes in his address said: "It is a genuine pleasure as the chief magistrate of Baltimore city, to greet and welcome your association to Baltimore." Contests between the various companies will take place Friday morning on South Broadway, near Baltimore street, commencing at 8 o'clock.

The Hydration and Relief fire companies, headed by the National Guard Band, of Washington, left here this morning on the 8 o'clock train for Baltimore to take part in the parade and was assigned prominent positions in the Second Division. The men wore new uniforms, carried flags and presented a very handsome appearance, winning applause as they marched through the streets. As they passed the engine houses the bells were rung. Chief Petty acted as marshal, and his aides were Messrs. J. C. Gill and A. W. Melchior. Mr. Harry Downham was in command of the Hydration and Mr. R. M. Latham of the Relief.

THE FAIRFAX SHOOTING.—Dr. O'Brien went to Fairfax yesterday evening to see Mr. J. H. Swartz, who was shot at his home in that county early Tuesday morning by marauders. Dr. O'Brien, with Drs. Dorsey and Krookes, removed the bullet, which struck the unfortunate man in the abdomen and lodged near his spine below the shoulder. The ball which shattered his right bone was not located, but the bone was set as was also his wrist, which was struck by still another bullet. The bullet removed from his back was a 44-caliber round hand-made ball used in old-fashioned pistols. When Dr. O'Brien left the wounded man last night he was resting comfortably and a dispatch received from Fairfax today states that his condition continues favorable. There is a growing impression that John Benton, who is in jail charged with the shooting, is not the assassin.

This is Flag Day.
